

# Conserving resources

## Grade 3 Science Worksheet

Write about how each person could conserve resources.

Joe wants to play at his friend Wilma's house two streets away. He asks his mom to drive him there.

---

---

---

---

---

Antony is cleaning up his house. He throws old newspapers, cans, and bottles in the trash.

---

---

---

---

---

Sonia is brushing her teeth. She turns the water on and leaves it running while she brushes.

---

---

---

---

---

Levi is watching TV. He gets tired of watching and goes outside to play. He leaves the TV on.

---

---

---

---

---

Herman is going to hockey practice. He grabs a plastic bottle of water out of the fridge to take with him.

---

---

---

---

---

Sandy is shopping for snacks. She buys a big box full of little plastic packages of pretzels.
